Re: Notice of Oral *Ex Parte* Presentation in CC Docket No. 94-102.

Dear Ms. Salas:

On Friday August 3 and Friday August 10, 2001, members of Motorola and Nokia met with members of the FCC staff to discuss implementation of Phase II for wireless enhanced 911 service. On Friday August 3, 2001, Mary Brooner of Motorola, Leo Fitzsimon of Nokia, Tom Dombrowsky and Bob Pettit of Wiley Rein & Fielding LLP met with Jordan Goldstein of Commissioner Copps' office. On Friday August 3, 2001, Mary Brooner of Motorola, Leo Fitzsimon of Nokia, and Bob Pettit of Wiley Rein & Fielding LLP met with Adam Krinsky of Commissioner Tristani's office. Additionally, on August 10, 2001, Mary Brooner of Motorola, William Plummer of Nokia, and Tom Dombrowsky of Wiley Rein & Fielding LLP met briefly with Bryan Tramont of Commissioner Abernathy's office as well as with Tom Navin, Jennifer Tomchin, Jennifer Salhas, and Patrick Forster of the Wireless Bureau.

The purpose of each of these meetings was to discuss the availability of location-enabled handsets and to address concerns of Motorola, Nokia, and Ericsson about the potential for several hundred waivers being filed with the Commission, requiring case-by-case decisions on Phase II implementation. The handset manufacturers strongly encouraged the FCC staff to consider providing uniform relief, rather than piecemeal resolution, to Phase II implementation.

In accordance with the Commission's rules, an original of this letter is being electronically filed for inclusion in the relevant docket file. If you have any questions or need any additional information, please let me know.

Sincerely,
